10 System sets for maximum flexibility

of 9

Our visio.lign system sets offer you an extremely high degree of flexibility – with our novo.lign veneers and neo.lign full teeth you can choose both the composition of the tooth shapes and the colour.

Within these system sets, you can also choose from our full range of colours for the crea.lign and combo.lign components (e.g. opaques, luting composite, gel and paste).

We are always happy to advise you on the individual combination options within the sets.

Just call us on +49 7309 872-441 to order any of the ranges listed below or to get in touch with your bredent contact person.

Information on quantities and the range of components available within all of the sets is available from the brochure 'visio.lign veneering system' under the relevant 'System sets' section.
